

### **Hutchinson Names New Commercial Project Manager**

**CHERRY HILL, NJ** (August 24, 2017) - - Hutchinson is proud to announce Clifton Hubbard as Commercial Project Manager. He brings more than 20 years of engineering and construction services for a diverse client base, as well as a decade of project management experience.

As commercial project manager for Hutchinson, Hubbard will be engaged from pre-construction and development through final construction to ensure projects are completed to exacting company standards, and ultimate customer experience.

Prior to joining Hutchinson, Hubbard served as an engineering sales/project manager for a Malvern-Pa. based mechanical services company where he managed construction projects from mobilization to owner sign-off.

Hubbard, who earned his mechanical engineering degree from Lehigh University, started his career as a design engineer with a number of Philadelphia based engineering firms honing his design and application skills in the mechanical and energy fields.

He is a member of the American Society of Heating, Refrigerating and Air Conditioning Engineering (ASHRAE).

Hubbard resides in the Mount Airy section of Philadelphia.

#### **About Hutchinson**

Hutchinson is a leading energy/mechanical services contractor performing energy services, mechanical construction and retrofit installation work in the Greater Philadelphia Tri-State Region. Hutchinson's technicians are factory trained, NATE certified and are on-call 24/7 365 days a year. Visit [www.hutchbiz.com](http://www.hutchbiz.com) for more information.
